PROUDLY SERVING

FEDERAL AGENCIES

USA-MADE TRAFFIC DEVICES AND CLOUD-BASED SOLUTIONS FOR TRAFFIC CALMING, MESSAGING AND TRAFFIC SAFETY.

★ ★ ★ ★ ★ ★ ★

All Traffic Solutions is proud to serve federal agencies with portable, connected traffic devices and secure, cloud-based solutions for traffic calming, traffic safety, roadside messaging and security. ATS traffic devices are perfect for military bases, military police detachments, emergency centers, training centers, academies, naval yards, schools and other agencies.

All of our products are TraffiCloud-ready. Update messages in real time, generate reports, and interact with all of your traffic devices securely from any Internet connection.

ALL TRAFFIC
SOLUTIONS

All Traffic Solutions products are engineered and manufactured in the USA in compliance with the Buy American Act.
PROUDLY SERVING THE U.S. ARMED FORCES SINCE 1999. GSA-approved vendor. GSA contract number: GS-07F-6092R.

SHIELD RADAR SPEED SIGNS

Our most portable series of connected radar speed displays weigh just 12–18 lbs. Displays driver speeds as they pass.

VARIABLE MESSAGE SIGNS

InstAlert variable message signs can be programmed remotely for emergency alerts, drive times, announcements and more. InstAlert 24 folds and fits in the trunk.

VERSATILE SPEED TRAILERS

Trailers with multi-sign capabilities and optional ALPR – lightweight, sturdy and built to last.

HANDHELD LIDAR DEVICES

Rugged, lightweight and easy to use. Capture speed data for real-time reporting.

RADAR SPEED DISPLAYS

The SpeedAlert combines traffic calming and variable messaging, giving you more options and flexibility.

VEHICLE COUNT & CLASSIFICATION

Non-invasive roadside devices that install in minutes on a pole or on the median for bidirectional counting in up to 16 lanes, classification, plus speed and volume reporting.

5,000+ CUSTOMERS TRUST ATS PRODUCTS

- Durable, lightweight and tamper resistant
- One-person installation, easy to deploy
- Portable radar speed displays and variable message signs feature universal mount for fast installation on pole, post, trailer or vehicle
