

How to Buy ATS Products

ATS offers convenient purchasing options and resources to save you time and cost. ATS offers a variety of purchasing options at the national and state levels for government entities and law enforcement.

- ATS is an approved vendor on the state contracts and purchasing websites listed below
- We help execute your order in a timely manner according to your purchasing guidelines
- We can provide Sole Source documentation for any products connecting to **TraffiCloud**
- Our products comply with both the **Buy America** and **Buy American Acts**.
(see included compliance certificate)

Writing bid specs?

All Traffic Solutions provides specification guidelines to make writing bid specs easy. Ask your Territory Sales Manager for our unique product specification guides.

We're here to answer your questions—contact us or speak to your ATS rep today.

SOLE SOURCE CONTRACTS

Sole Source contracts are non-competitive procurements that allow a single supplier to fulfill the needs of the contractual requirements. The **Shield™** radar speed display, **SpeedAlert™** radar message sign and the **InstAlert™** variable message sign are proprietary products solely engineered and manufactured by All Traffic Solutions, Inc.. All Traffic Solutions products are manufactured within the United States using domestic labor and components. A signed and dated sole source letter can be provided upon request.

In 2013, All Traffic Solutions was awarded US Patent 8,417,442 for the web-based data reporting (TraffiCloud, formerly SmartApps) which allows users to access data collected remotely and generate reports.

All other sign vendors offering this, or similar remote web-based data collection are in direct violation of All Traffic Solutions Patents.

BUYBOARD NATIONAL PURCHASING COOPERATIVE

All Traffic Solutions is a BuyBoard awarded vendor. The BuyBoard National Purchasing Cooperative streamlines the purchasing process for schools, municipalities and other public entities across the nation. Contracts and vendors awarded through BuyBoard have been competitively procured, to assist members with compliance, local and state procurement requirements and a documented audit trail.

BuyBoard's RFQ functionality allows members to request pricing on volume needs from multiple vendors. The convenient and efficient process can be finalized in a matter of days, versus weeks or months, for a typical formal bid/proposal process. Best of all, membership to BuyBoard is free!

GSA-APPROVED VENDOR

All Traffic Solutions is an approved GSA contract holder.
All Traffic Solutions GSA contract number: GS-07F-6092R.

NEW JERSEY – NJ START

All Traffic Solutions is an approved vendor for the **state of New Jersey**. The contract number is 17-FLEET-00776, NJSTART TO106 Law Enforcement Firearms Equipment & Supplies, which includes all of our products.

PENNSYLVANIA COSTARS-APPROVED SUPPLIER

All Traffic Solutions was named a COSTARS Supplier by the Department of General Services, simplifying the procurement of traffic safety products for Pennsylvania municipalities, local government units and school districts.

COSTARS is the Commonwealth of Pennsylvania's cooperative purchasing program through which registered and eligible local public procurement units and state-affiliated entities can leverage contracts established by DGS to cost-effectively and efficiently identify suppliers with whom to do business. For information on eligibility and membership, visit the COSTARS website.

CERTIFICATE OF COMPLIANCE TO STANDARDS and COMPLIANCE

BUY AMERICA ACT, 49 U.S.C. § 5323 AND BUY AMERICAN ACT, 23 U.S.C. § 8301-8305

The Buy America Act applies only to purchases related to rail or road transportation, such as the construction of highways, railways, or rapid transit systems. The provisions also apply to purchases made by third-party agencies, using funds granted by agencies within the United States Department of Transportation

The Buy American Act prohibits the Government from acquiring an article, material or supply for public use within the United States that is not a domestic end product and allows only domestic construction materials to be used for public use subject to certain exceptions.
