

SHIELD RADAR SPEED SIGN

**RIGOROUSLY TESTED AND CERTIFIED —
ON THE FLORIDA APPROVED PRODUCTS LIST**

WE PASSED THE TESTS!

- ✓ Wind Speed Tested – Shield withstands 150-MPH winds and wind velocity pressure with zero damage.
- ✓ Radar Accuracy Tested and Calibration Certified – Measures and displays vehicle speeds with accuracy of +/- one mile per hour.
- ✓ Withstands whatever Mother Nature dishes out – frost, fog and condensation have no impact on the Shield sign.
- ✓ Crash Tests prove Shield stands strong against the impact of a vehicle going 90 MPH and keeps right on working.
- ✓ Battery Tested – Rely on continuous operation for 10 days without sunlight.

SAVE TIME, MAXIMIZE RESOURCES, SAVE LIVES

Shield 12 and Shield 15 can connect to ATS TrafficCloud® software. Run speed and volume reports, set alerts for low batteries, tampering and high-risk speeding, and program your signs from any Internet connection.

SHIELD 12

SHIELD 15

 **MADE IN THE USA**

IDEAL FOR YOUR TRAFFIC CALMING NEEDS.

- Lightest, most portable sign available anywhere and still meets the MUTCD minimum 12-inch digit size.
- Resolve speeding complaints with accurate data and analytics.
- Run ready-made reports in seconds to identify hot spots, prioritize enforcement and demonstrate the results of your traffic safety program.
- Set report subscriptions to share with management and other agencies.
