

MESSAGING & SPEED AWARENESS SOLUTIONS FOR HEALTHCARE FACILITIES

InstAlert Variable Message Sign

Quickly share messages outside or inside your facility with high visibility.

RAPID DEPLOYMENT

Easily mount InstAlert on a portable post, pole, trailer, or vehicle hitch.

REMOTE MANAGEMENT

Change and schedule messages remotely using our online TrafficCloud® platform.

USE INSTALERT TO:

Direct patients to entrances, guide drivers to parking, share COVID-19 guidelines, redirect vehicle and pedestrian traffic as situations change, & more!

InstAlert 24 on an ATS 5 Trailer

InstAlert 24 on a portable post

InstAlert 24 on a hitch mount

InstAlert 18

Exclusive folding design!

Shield Radar Speed Sign

Slow speeding and collect data to help keep patients and staff safe.

TRAFFIC CALMING

Display the speed of approaching vehicles and flash a strobe to warn speeding drivers to slow down.

DATA COLLECTION

Collect speed and volume data, and download ready-made reports through TrafficCloud®.

USE SHIELD TO:

Slow speeding in parking areas, keep drivers aware of their speed around hospital property, protect the safety of pedestrians, and identify speeding problem areas.

Shield 12 on a pole

Shield 15 on a pole

SpeedAlert Radar Message Sign

Share messages and calm traffic with one multipurpose tool.

SPEED-DEPENDENT MESSAGING

Show the speed of approaching vehicles and display custom messages to drivers traveling at different speeds. Warn speeding drivers to slow down and thank compliant drivers for driving safely.

DATA COLLECTION

Collect speed and volume data, and download ready-made reports through TrafficCloud®.

VARIABLE MESSAGING

Use as a variable message sign to display multiple screens of custom text and graphics.

USE SPEEDALERT TO:

Reduce speeding, share information and alerts, guide vehicle and foot traffic, help prevent traffic backups, & more!

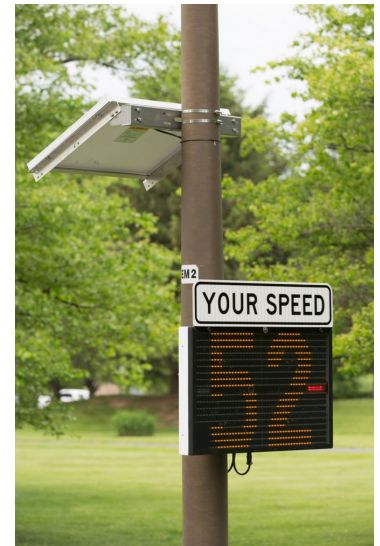

SpeedAlert 24 on an ATS 5 Trailer

SpeedAlert 18 on an ATS 3 trailer

SpeedAlert 18 with a solar panel

Hear What Other Healthcare Facilities are Saying About our Solutions:

We move the [Shield] signs around the campus or on the roadway that we own right next to the hospital. You can see people slow down when they see the signs. [They] are easy to program and are very intelligent.

– Dan Yaross, Director of Security, Nationwide Children's Hospital

"The [InstAlert] sign itself [is] great because the message is very bright, very clear, and very easy to read from a vehicle that's moving."

– Ken Harr, Corporate Director and Chief Security Officer, Ballad Health
