

ALL TRAFFIC SOLUTIONS TRAILERS WITH NEOLOGY ALPR CAMERA SYSTEMS

SOLUTION CONFIGURATION

ATS 380W TRAILER WITH NEOLOGY HELIOS ALPR CAMERA SYSTEM

Cameras can be mounted to the trailer either below the sign or on the crossbar and can face backward or forward. The ALPR switch and modem are secured within the trailer's battery box.

HOW TO GET THIS FULLY-INTEGRATED ALPR TRAILER

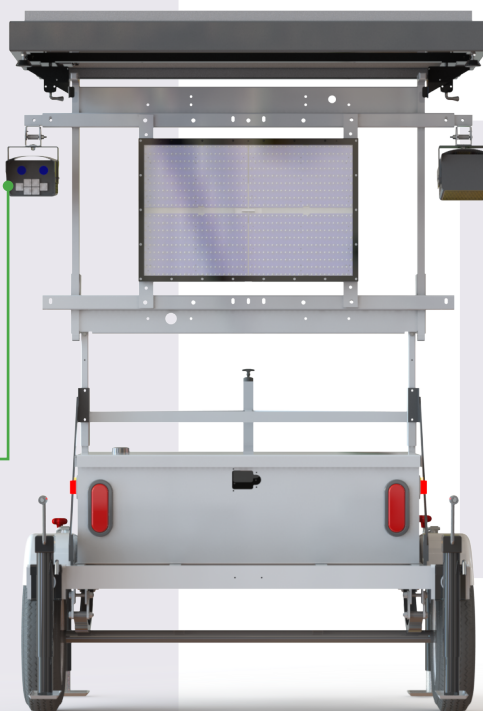

1. Purchase trailer and camera system separately
2. We coordinate camera installation with Neology to deliver you a fully integrated trailer
3. After delivery, we offer complimentary training on managing tamper alerts, low battery alerts, the sign mounted on the trailer, and more*

**TraffiCloud® software subscription required— contact us to learn more.*
