Connected Solutions for Better Traffic Safety Outcomes

SCHOOL ZONE ALERT

AllTrafficSolutions.com

Make School Zones Safer

Reduce speeding and distracted driving by alerting motorists that they are in an active school zone and notifying them of their current speed.

THIS ALL-IN-ONE, EASY-TO-USE SOLUTION FOR SCHOOLS INCLUDES:

TWO INTEGRATED TRAFFIC BEACONS

Alert drivers that they are in an active school zone and draw attention to the reduced speed limit, encouraging them to use caution and watch for pedestrians.

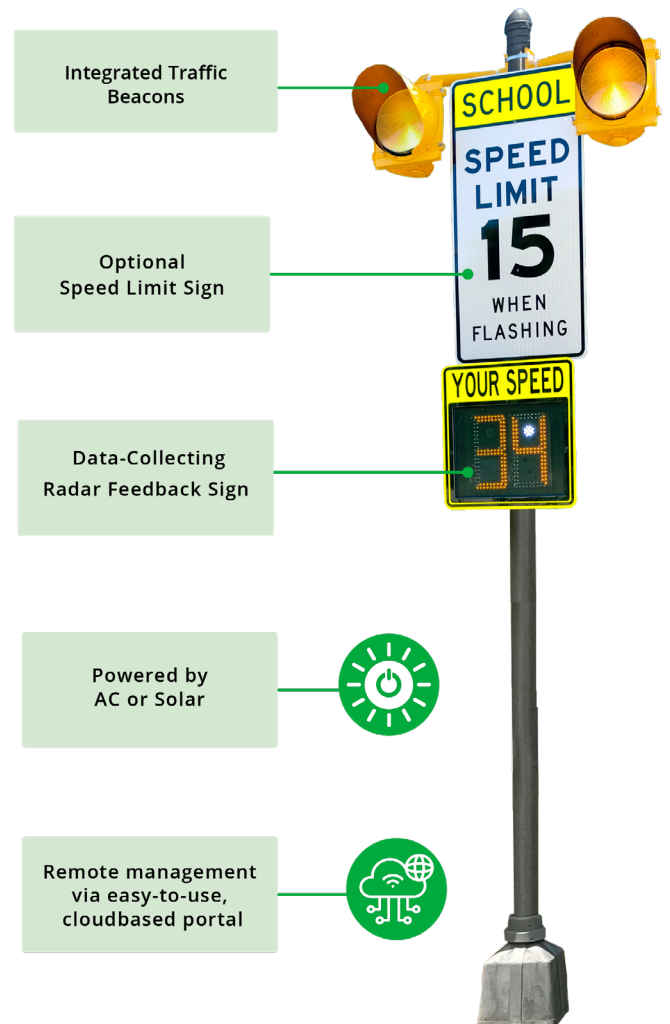

RADAR FEEDBACK SIGN

Effectively reduce speeding by increasing motorists' speed awareness. A flashing violator strobe built into the sign is activated by speeding drivers, grabbing their attention and warning them to slow down.

The sign also collects traffic speed and volume data, offering valuable insights into traffic patterns and trends within your school zone.

TRAFFICLOUD® SCHOOL ZONE ALERT SUITE

Save time by managing this solution remotely through a secure online portal.

Optional vertically-aligned beacons

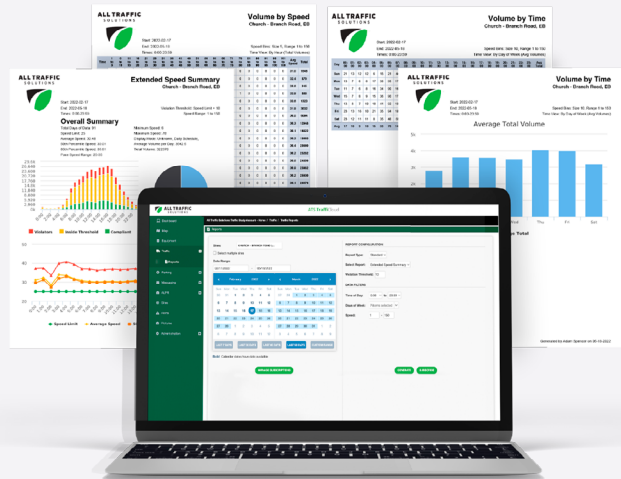

Optional solar power

TRAFFICLOUD® SCHOOL ZONE ALERT SUITE

SIMPLY LOG INTO A USER-FRIENDLY ONLINE PORTAL TO REMOTELY MANAGE:

- **Scheduling:** The beacons and radar feedback sign can be set to a custom schedule, activating only during school hours and accounting for events like holidays and school closures. For last-minute changes like weather-related closures, you can easily update the schedule by logging into the TraffiCloud portal at any time.
- **Equipment Status Alerts:** Receive text or email alerts for low power levels, tampering, excessive speeding, and traffic congestion.
- **Equipment Settings:** Update settings like speed limit, radar sensitivity, maximum speed displayed, radar sign strobe activation, and more remotely.
- **Traffic Data Reports:** Retrieve data collected by the radar feedback sign locally and upload to TraffiCloud® to get ready-made traffic reports. Reports display data in clear-cut charts and tables, so you can easily identify patterns and trends in your school zone to further improve safety for students.

Go Beyond Standard Reporting with a TraffiCloud® School Zone Alert Traffic Suite Subscription

With this upgraded option, data is automatically accessible anytime through the same portal where you manage your equipment settings and scheduling. You'll also benefit from advanced reporting and analysis features, plus Premier Care warranty coverage for your equipment—covering hardware defect repairs for the entire product lifespan, plus discounts on other repairs and accessories.

ABOUT ALL TRAFFIC SOLUTIONS

WHAT WE DO

Since our inception in 2000, we have helped over 6,000 government agencies, educational institutions, and private sector organizations manage traffic and improve overall safety.

EXCEPTIONAL CUSTOMER SERVICE
