CUSTOMERS: OVER 170 STADIUMS AND COLLEGES

Connected Traffic Signs

ALL TRAFFIC SOLUTIONS

PREVENT TRAFFIC BACKUPS & IMPROVE COMMUNICATION

- **Direct** guests around the inside and outside of the venue, designated pick-up and drop-off areas, available parking areas

- **Get guest in and out faster** by indicating event guidelines, entrances and exits

- **Share** ticketing information, directions to VIP areas and seating sections, emergency alerts, stadium rules and other info with high visibility
  - Messages can be sent remotely to all signs (guests and staff do not need to download a mobile app)

- **Promote** upcoming events in advance

ALL TRAFFIC SOLUTIONS

PREVENT TRAFFIC BACKUPS & IMPROVE COMMUNICATION

WITH PORTABLE VARIABLE MESSAGE SIGNS YOU CAN MANAGE REMOTELY

Key features include:

- Remote management –
  - Schedule and change messages from one/any location
  - Push different messages to each sign or the same message to all signs, simultaneously
  - Monitor signs remotely

- Portability - Fast set up and deployment

- Versatility – Simple universal mounting and power options

- Durability – withstands inclement weather

ALL TRAFFIC SOLUTIONS

PORTABLE VARIABLE MESSAGE SIGNS YOU MANAGE REMOTELY

Multiple Mounting Options

KEEP GUESTS SAFE AND INFORMED

- **Grab guests' and drivers' attention**

- **Broadcast security policies, venue rules and emergency alerts**

- **Reduce speeding** in parking, event and other high-traffic areas and roads

- **Improve guest relations** (they see the sign, they have peace of mind)

KEEP GUESTS SAFE AND ALERT

WITH RADAR SPEED & MESSAGE SIGNS THAT CAN COLLECT DATA

THESE PORTABLE SIGNS MAKE IT EASY TO:

- Direct drivers to available parking and rideshare pick up/drop off areas

- Help guests navigate entry and exit with ease

- Rapidly share safety alerts throughout your venue

- Ensure people are aware of venue policies

- Manage traffic flow and help lessen congestion

Change and schedule sign messages remotely via a secure online portal

ALL TRAFFIC SOLUTIONS

MANAGE TRAFFIC DATA & EQUIPMENT

WITH A USER-FRIENDLY REMOTE TRAFFIC MANAGEMENT SOFTWARE
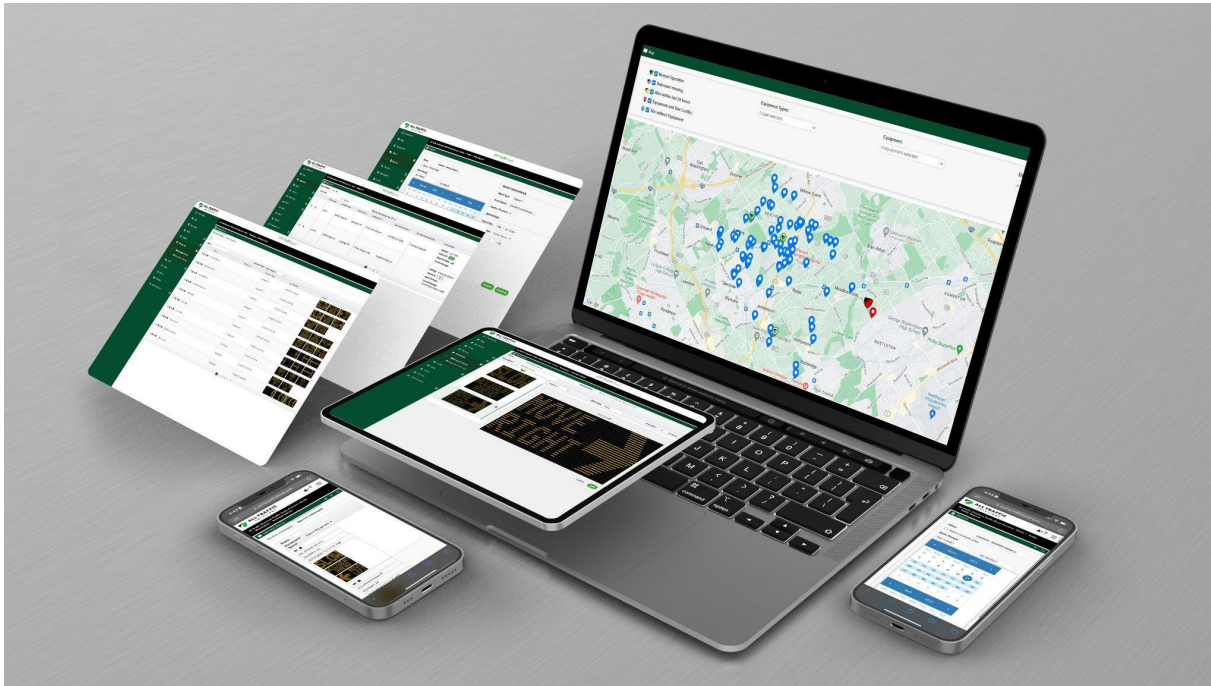

Key features include:

- Schedule and change messages and graphics on all or individual signs

- Equipment Management – GPS tracking, custom user settings

- Set alerts – low battery, tampering, excessive speeding

- Data collection & reporting – speed, volume, time

- Run and share ready-made reports
