

# COLLABORATE WITH ALL TRAFFIC SOLUTIONS®

We offer many ways to work together— from distribution partnerships to collaborating on product integrations. Our trailers are versatile and complimentary to other technology on the market, and we are always open to new and innovative partners to work with.

## WHO WE ARE

All Traffic Solutions is a leading provider of traffic calming and public safety solutions. Our products are popular for their portability, long-lasting durability, and ease of use.

For over 20 years, we have held a strong reputation for delivering premium-quality products and unbeatable customer service.

We take pride in our unwavering commitment to customer satisfaction, offering US-based tech support, complimentary one-on-one product training sessions, industry-leading warranty plans, and a fast turnaround time on orders to promptly equip customers with the tools they need to improve safety in their communities.

## WHY CHOOSE ATS TRAILERS?

Our trailers make it easy to deploy the public safety technologies customers need in the field, wherever and whenever needed. With a combination of batteries and highly efficient solar panels, they can power numerous different types of cameras, sensors, or other tech, plus a radar speed sign or variable message sign.

FLEXIBLE COMPATIBILITY

OPTIMAL RUNTIMES

UNMATCHED MOBILITY

REMOTE SIGN MANAGEMENT

MULTIPURPOSE & VERSATILE

LOW BATTERY & TAMPER ALERTS

TAKE YOUR TECHNOLOGY ON THE MOVE WITH OUR TRAILERS' FLEXIBLE POWER AND MOUNTING OPTIONS

There are multiple options to mount and secure your technology on the trailer.
