

# Manage Traffic and Share Information Throughout Large Events

A Presentation for Professional and Collegiate Stadiums

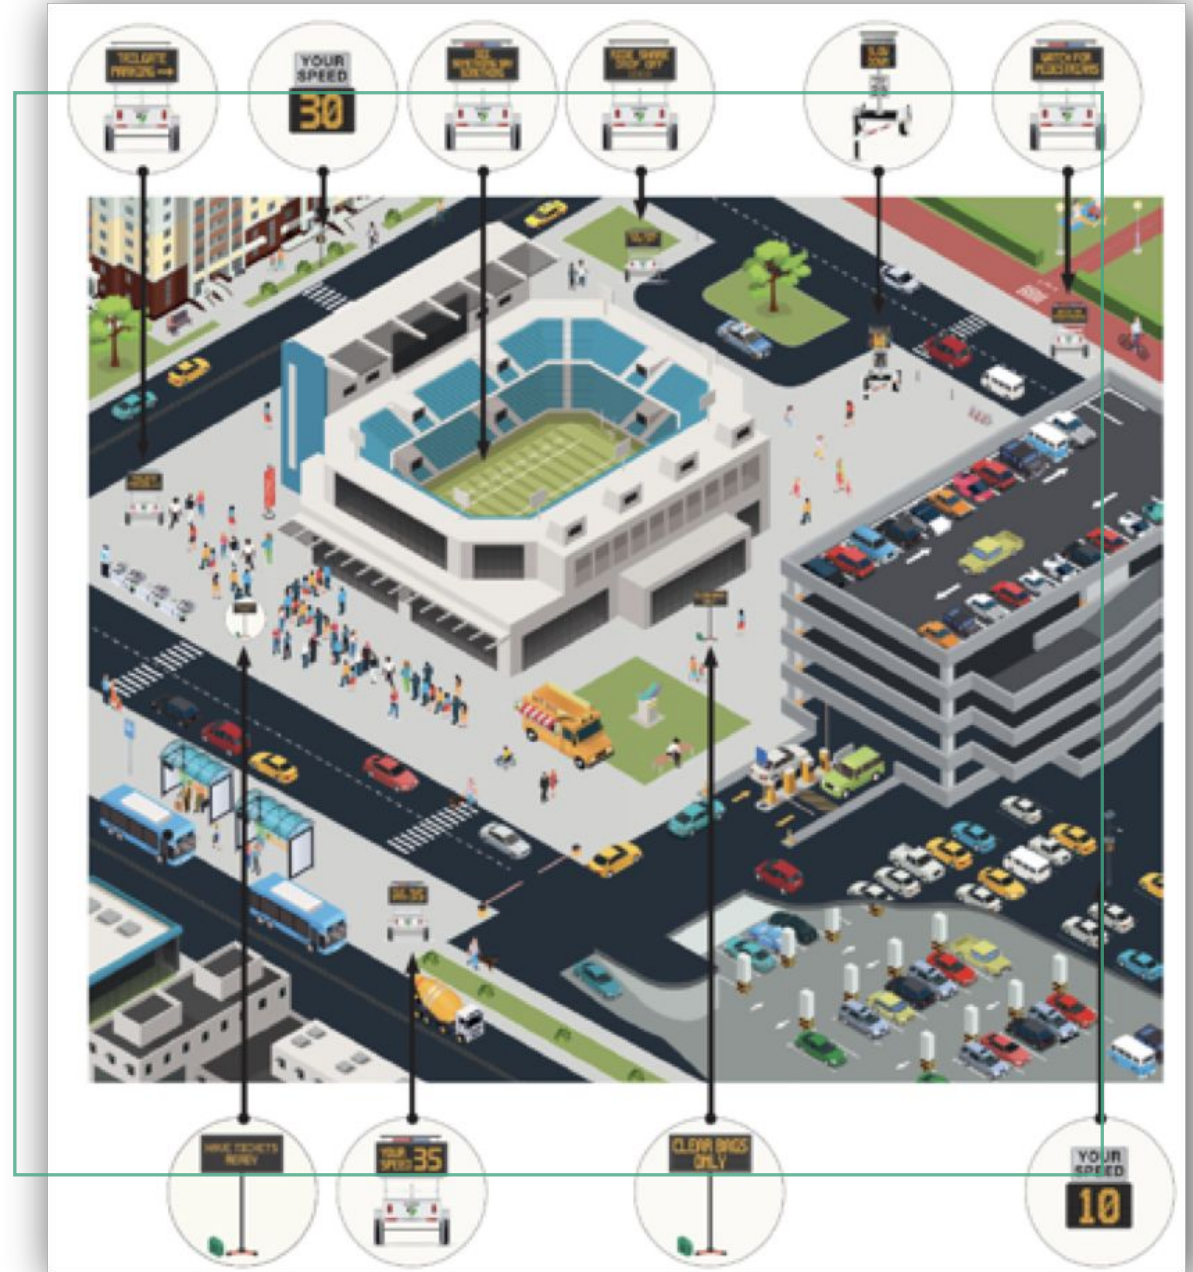

**ALL TRAFFIC**  
SOLUTIONS®

# ABOUT ALL TRAFFIC SOLUTIONS

- Headquartered in Virginia
- Provide simple solutions for information sharing and traffic management at professional and collegiate stadiums
  - Portable variable messaging and radar speed signs
  - Patented TraffiCloud<sup>®</sup> software: real-time data and analytics
  - Remote management from any Internet-connected device

All ATS products are made in the USA  
with US-based service and support

# CUSTOMERS: OVER 170 STADIUMS AND COLLEGES

# Connected Traffic Signs

**ALL TRAFFIC**  
SOLUTIONS®

# PREVENT TRAFFIC BACKUPS & IMPROVE COMMUNICATION

- **Direct** guests around the inside and outside of the venue, designated pick-up and drop-off areas, available parking areas
- **Get guest in and out faster** by indicating event guidelines, entrances and exits
- **Share** ticketing information, directions to VIP areas and seating sections, emergency alerts, stadium rules and other info with high visibility
  - Messages can be sent remotely to all signs (guests and staff do not need to download a mobile app)
- **Promote** upcoming events in advance

# PREVENT TRAFFIC BACKUPS & IMPROVE COMMUNICATION

WITH PORTABLE VARIABLE MESSAGE SIGNS YOU CAN MANAGE REMOTELY

## Key features include:

- Remote management –
  - Schedule and change messages from one/any location
  - Push different messages to each sign or the same message to all signs, simultaneously
  - Monitor signs remotely
- Portability - Fast set up and deployment
- Versatility – Simple universal mounting and power options
- Durability – withstands inclement weather

# PORTABLE VARIABLE MESSAGE SIGNS YOU MANAGE REMOTELY

## Multiple Mounting Options

# KEEP GUESTS SAFE AND INFORMED

- **Grab guests' and drivers' attention**
- **Broadcast security policies, venue rules and emergency alerts**
- **Reduce speeding** in parking, event and other high-traffic areas and roads
- **Improve guest relations** (they see the sign, they have peace of mind)

# KEEP GUESTS SAFE AND ALERT

WITH RADAR SPEED & MESSAGE SIGNS THAT CAN COLLECT DATA

## THESE PORTABLE SIGNS MAKE IT EASY TO:

- Direct drivers to available parking and rideshare pick up/drop off areas
- Help guests navigate entry and exit with ease
- Rapidly share safety alerts throughout your venue
- Ensure people are aware of venue policies
- Manage traffic flow and help lessen congestion

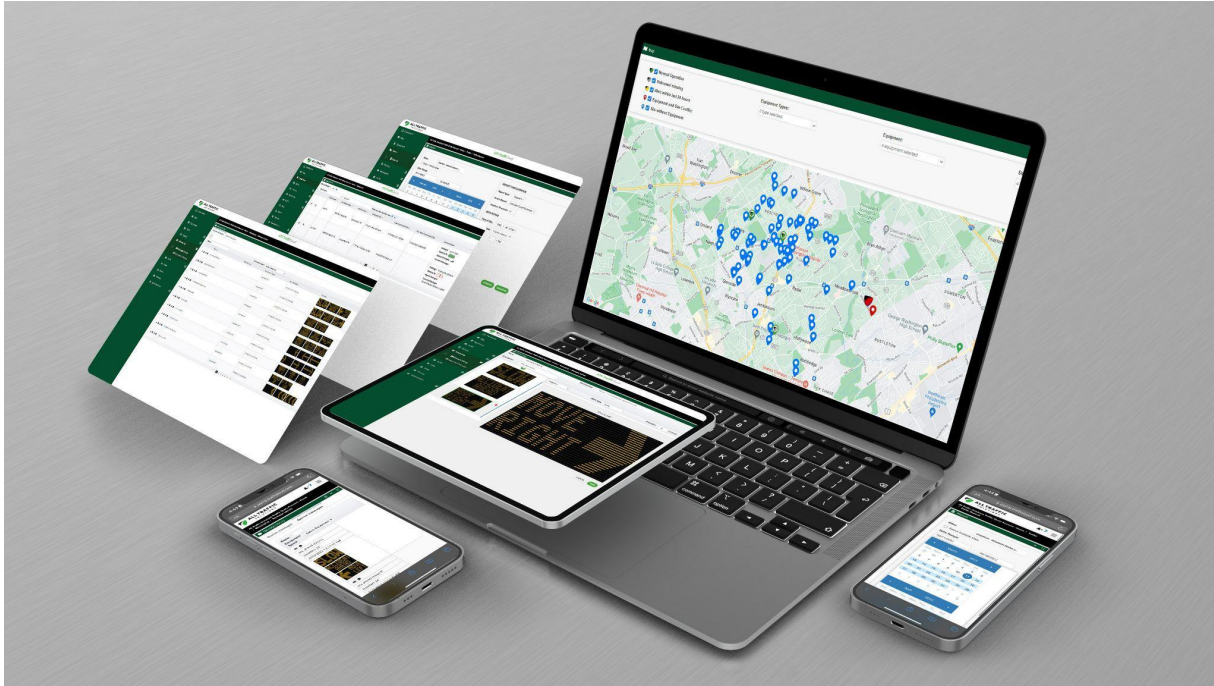

*Change and schedule  
sign messages remotely  
via a secure online portal*

# MANAGE TRAFFIC DATA & EQUIPMENT

WITH A USER-FRIENDLY REMOTE TRAFFIC MANAGEMENT SOFTWARE

## Key features include:

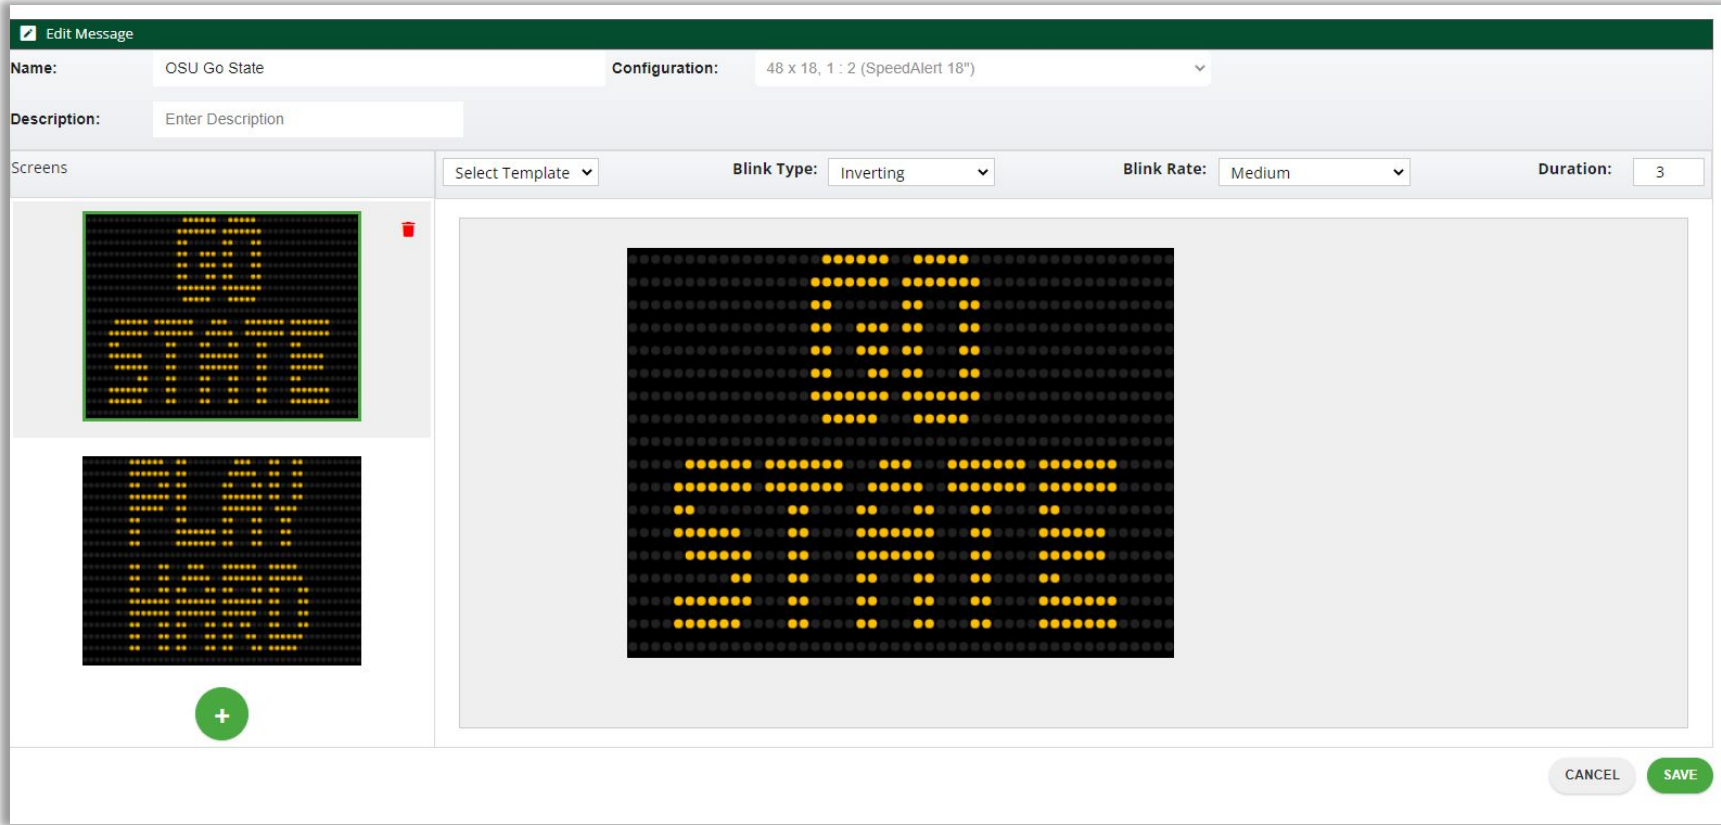

- Schedule and change messages and graphics on all or individual signs
- Equipment Management – GPS tracking, custom user settings
- Set alerts – low battery, tampering, excessive speeding
- Data collection & reporting – speed, volume, time
- Run and share ready-made reports
